Bachelor of Science in Public Health
Emphasis II: Health Administration

Transfer Guide for Illinois Community College Students

This transfer guide is designed as an advising tool to facilitate a smooth transition between institutions by identifying relevant course work recommended to be completed prior to transfer. Community college students are encouraged to:

- Complete an A.A. or A.S. degree prior to transfer
- Utilize the NIU Articulation Handbook for information regarding the transferability of courses: http://www.niu.edu/admissions/transfer/plan/credits/index.shtml
- Review “Limited Admissions Programs Transfer Course Equivalents” (if appropriate) provided by the NIU Transfer Center: http://www.niu.edu/admissions/transfer/plan/credits/limited/index.shtml
- Consult with the College of Health and Human Sciences and/or review the websites for their intended majors for detailed information about special requirements, program admission requirements, and course requirements: www.chhs.niu.edu

Public Health (B.S) The public health program prepares students for professional positions in general public health, health administration, environment and health, and health promotion. Depending on their particular interests, graduates will be involved in developing and communicating health information to the public, planning and managing health service programs and facilities, and investigating and evaluating specific environmental and community health problems. As professionals, public health alumni work in a variety of capacities to:

- Improve access to health care
- Clean up environmentally contaminated sites
- Make our streets and homes safe from violence
- Advocate health programs for communities, including oral and respiratory health
- Prevent and treat substance abuse
- Assure the safety of our food supply
- Plan quality health care for our elders
- Manage the delivery of health services
• Contain the spread of infectious diseases
• Deliver smoking cessation programs

Among the many position titles for public health professionals are: epidemiologist, health administrator, health educator, health inspector, and geriatric care manager. Working behind the scenes everywhere in health care, public health professionals make the lives of countless individuals healthier and safer.

In Public Health, the program offers four different emphases: general public health, health administration, environment and health, and health promotion. There is also a degree completion option* for applied health professionals. Among the hundreds of different position titles for public health professionals are epidemiologist, sanitarian, health educator, and geriatric care manager. Because of the complexity of the problems public health professionals work to solve, students considering a career in public health need to have a background in the biological, mathematical and social sciences.

*The degree completion option for applied health professionals is in the general public health and health administration emphases. Allied health professionals must hold an AAs degree in one of the following fields: dental hygiene, respiratory care, radiologic technology, long-term care administration, health information technology, nursing, occupational therapy assistant, physical therapy assistant, speech-language pathology assistant, and surgical technology, or other appropriate health care area.

Special Note: Students who enter the public health program with the courses listed here and who have completed an A.A. or A.S. degree can usually expect to complete the NIU program in two years (including summer school).

Major in Public Health – Emphasis 2: Health Administration

Courses Recommended Prior to Transfer

ACCY 288  Fundamentals of Accounting (3)
    or ACCY 206, Introduction to Financial Accounting (3)
    and ACCY 207, Introduction to Cost Management (3)
BIOS 103  General Biology (3) & BIOS 105, General Biology Laboratory
    or BIOS 208, Fundamentals of Biology I (3) and BIOS 210, Fundamentals of Biology Laboratory (1)
BIOS 213  Introductory Bacteriology (3)
    or BIOS 313, Microbiology (4)
BIOS 109  Human Biology (3)
    or BIOS 357  Human Anatomy and Physiology (5)

1 Based on requirements in the 2016/2017 Undergraduate Catalog
CHEM 110 Chemistry (3) and CHEM 111, Chemistry Laboratory I (1)  
  or CHEM 210, General Chemistry I (3) and CHEM 212, General Chemistry Laboratory I (1)  
ECON 260 Principles of Microeconomics (3)  
MATH 210 Finite Mathematics (3)  
  or MATH 211, Calculus for Business (3)  
  or MATH 229, Calculus I (4)  
PSYC 102 Introduction to Psychology (3)  
SOCI 170 Introduction to Sociology (3)  
  or SOCI 250, Contemporary Social Institutions (3)  
UBUS 223 Introduction to Business Statistics (3)  
  or STAT 301, Elementary Statistics (4)  

Courses to be Completed at NIU  
PHHE 295 Introduction to Public Health (3)  
PHHE 325 Biostatistical Applications in Public Health (3)  
PHHE 351 Elements of Environmental Health (3)  
PHHE 441 Introduction to Health Care Administration (3)  
PHHE 451 Economic Issues in Public Health (3)  
PHHE 453 Financial Management of Health Care Organizations (3)  
PHHE 455 Public Health Epidemiology (3)  
PHHE 461 Public Health and the U.S. Health Care System (3)  
PHHE 467 Public Health Research and Evaluation (3)  
PHHE 469 Principles of Health Planning (3)  
PHHE 487 Public Health Pre-Practicum Seminar (1)  
PHHE 489 Practicum in Public Health (6)  

Two of the following:  
PHHE 315 Introduction to Health Promotion (3)  
PHHE 431 Applied Health Promotion Programming (3)  
PHHE 433 Principles of Long-Term Care Administration (3)  
PHHE 435 Ethical Decision Making for Health Professionals (3)  
PHHE 437 Assessment, Treatment, & Prevention of Drug & Alcohol Addiction (3)  
PHHE 439 Funding for Programs in Public Health (3)  
PHHE 463 Public Health Informatics (3)
Outside School:
ENGL 350 Writing Across the Curriculum (3)
FINA 320 Principles of Finance (3)
    or OMIS 338, Principles of Operations Management (3)
MGMT 333 Principles of Management (3)
MGMT 333 Principles of Marketing (3)
SOCI 356 Health, Aging, & Society (3)
    or SOCI 451, Medical Sociology (3)
    or SOCI 482, Sociology of Death and Dying (3)
    or UHHS 465, Issues in Gerontology (3)
